

Center for Addiction Treatment

CAT's Patient Support Services enhance a patient's journey to recovery from drug or alcohol addiction. Peer Mentors encourage current patients, while helping them prepare for the transition post-treatment. Our Continuing Care Program supports those in recovery as they work toward graduation from CAT's short-term treatment program. CAT's Strengthening Families Program is a rolling, four-week education session during which family members learn about the disease of addiction and how to begin the healing process.

LEADERSHIP

Sandra (Sandi) L. Kuehn,
President and CEO

Ronald Derstadt, Vice President
of Administrative Services

Michael Rosen, Vice President
of Clinical Services

Deborah Frankowski, M.D.,
Medical Director

OTHER WAYS TO HELP

- CAT-Walk is held in June, Veterans Park, Green Township and is a noncompetitive 5K walk. Tickets are \$25 per person or a family 4-pack for \$75.
- Volunteer opportunities are available for CAT-Walk in the areas of registration, walk monitors, food station helpers, raffle helpers, T-shirt sales and distribution, set up, and take down.
- Donations of gently used men's and women's clothing, shoes, hoodies, etc.
- Donations of new underwear, socks, shower shoes (flip-flops), toiletries, and reading glasses.
- Donations of G or PG-rated movies on DVD and craft items for our detox patients.
- Donations of office and maintenance supplies.
- Financial support to cover the gap between public funding and the actual services we provide. Last year, we provided nearly \$400,000 in unfunded care to people in need.

ESTABLISHED 1970

MISSION Saving lives and rebuilding families by providing recovery tools for lifelong recovery from addiction.

SERVING OUR COMMUNITY At CAT, individuals seeking recovery from addiction will find a compassionate, professional staff using the latest scientific advancements to provide treatment and encouragement in a clean, safe environment.

Through an array of services that include detoxification, short-term residential treatments, an outpatient medication treatment program, and ambulatory detox, we are dedicated to guiding individuals on a path to personal freedom and recovery from addiction.
